REPLY TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

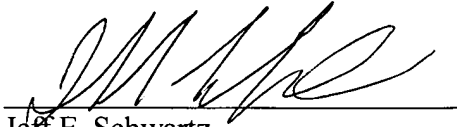

In response to the Restriction Requirement mailed 28 September 2004, First Office Action, Applicant hereby elects, with traverse, the claims of Group I, i.e., claims 1-23, for prosecution in the subject application.

Applicant, of course, reserves the right to file divisional applications directed to the subject matter of the non-elected claims 24 and 25. Applicants expect that as divisional and/or continuation applications are pursued from the pending application, the PTO will not issue double-patenting rejections on these non-elected claims, because it has acknowledged by the restriction requirement that such claims are patentably distinct from those prosecuted presently.

If there are any further fees due in connection with the filing of the present reply, please charge the fees to undersigned's Deposit Account No. 50-1067. If a fee is required for an extension of time not accounted for, such an extension is requested and the fee should also be charged to undersigned's deposit account.

Respectfully submitted,

26 October 2004
